

How to Use the Needlebook Pattern Template

Print or transfer onto heavy paper or thin cardboard (like a cereal box).

Cut out around the heavy line (4.5 x 6 inches or 114.3 x 152.4 mm) This is the template for the outer cover, the batting, and the interior cover.

Use scissors or a craft knife to remove the dotted rectangle (3.5 x 4.5 inches or 88.9 x 114.3 mm) This is the template for the interior pages.

Repeat to remove the solid rectangle (1.0 x 1.5 inches or 25.4 x 3.81 mm). This is the template for the tab.

Trace the shapes onto the appropriate fabrics, cut and sew as directed.
